Commencing November meeting beginners classes will be held. Covering a range of topics during the following months they will begin at 7.30pm for an half hour immediately before the monthly floral meeting. The first class will be held by Geof Speer and he will discuss Cyms.

#### **Letter to the Editor**

I wish to congratulate Murray Baulderstone of his tireless efforts & many phone calls to clinch the deal with the Pasadena Shopping Centre. After some setbacks I must say that the show proved to be a winner for members and the public as I myself was told by several people that it was a magnificent display. Also I must say that the trading table was a great success due to the amount of plants sold. I understand the Centre Management was pleased with the display. Thanks again  
Murray

Don Biebrick

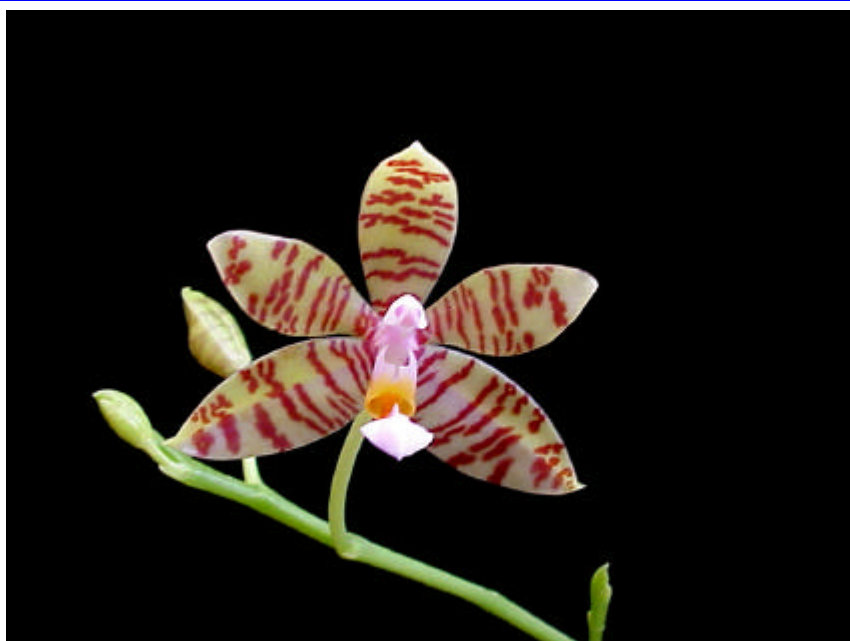

Thank you Don I am sure Murray appreciates your comments  
Ed.

### ***Phalaenopsis fasciata***

This species is found in tropical Philippines. It is one of about 50 *Phalaenopsis* species found throughout the Asian region.

*Phal. fasciata* is used in breeding to obtain strong yellow colour in future seedlings

I grow my plant in a tray sitting on top of a hot water service in my *Cattleya* house

### REPORT FROM YOUR PRESIDENT

At our last Cultural Meeting an excellent display of Orchids from various genera were displayed and a small sample I will comment on.

Annes Rainbow Surprise a beautiful specimen benched by Keith Northcote consistent with the quality Keith exhibits all of his plants. Orchid of the night was a *Cymbidium* 60-90mm, Without Peer Soft Touch grown and presented by Harry and Berna Viney beautifully displayed. Berna and Harry showed creativity in setting up as pendulous floral presentation. Incidentally, this same plant was credited Grand Champion of our Spring Show. Congratulations to the above growers and all those who benched plants.

Consistent with the feedback that you, the members, gave at our open forum on the direction your Club wishes to go for future shows. That is preference for shopping centres for shows together with trading table facilities. Foodland Pasadena was undertaken on the 23<sup>rd</sup> September. I am pleased to report that the display presented to the public is superb and feedback from the store management is one of compliments to the Club for co-operation and are of the best displays they have seen. Negotiation is under way for possibilities in the year 2002 under similar conditions.

My personal thanks go out to you, the members, for the following reasons:

1. Your exhibiting of plants
2. Your assistance in putting on the show and support in working therein

I would be remiss if I did not name some persons for outstanding contribution – firstly, Show Marshals Trevor Garrard and Lesley Gunn. Acting Registrar Lesley Gunn and then doubling up as Display Manager together with Rosalie Moore in developing the magnificent display. As a venue for trading table, it has far exceeded expectations – takings over the first 2 days in excess of \$800 per day far in excess of other venues with the exception of Marion Shopping Centre. Information at the time of writing this report, I anticipate 3<sup>rd</sup> day's trading will be consistent with the previous days. To those members who offered additional plants, my personal thanks.

Cont..

There was some concern when the decision was made to change from St. Bernadette's that this venue may not work. However, 4-5 members of the committee inspected the venue and it was agreed that it met our requirements and the co-operation of management was there. Your committee decided that it was reasonable to reimburse the School Committee for loss of revenue as a result of the cancellation.

In summary, I would like to extend my personal thanks to all members for your support of the show by exhibiting and supply of plants. This show has displayed the friendliness and commitment of members of your Club to the aim and objectives.

**Stop press** the trading table turned over in excess of \$4000.00 for the week. (second only to the Marion Shopping Centre in all history)

M. T. Baulderstone, President.

## ANNUAL INTERCLUB COMPETITION

Date: 27TH OCTOBER 2001

September monthly floral results and Day Time Chapter Report not to hand at time of going to press ED.

*Cym. Without Peer 'Soft Touch'*  
H & B Viney

Adelaide Orchids Best Slipper

*Cym. Valley Zennith 'Top Spot'*  
Malcolm Young

Don Higgs , our Registrar has a very difficult task in putting together the various show results for us. Starting with writing on your plant labels and finishing with hand written results sheets by (often inexperienced people) mean that there is an almost 100% certainty of discrepancies in the final publications to the Gazette. Don needs quickly to know any such discrepancies to enable him to correct our records. This is a universal problem in all clubs and not localised to us

## CHAMPION WINNERS SPRING SHOW 2001.

### Grand Champion

Cym. Without Peer 'Soft Touch' H & B Viney

### Champion Cymbidium 90mm+

Cym. Jubilation Jeronimo P & G Flavel

### Cymbidium 60 – 90mm
